

Certificate of Discharge

Jack Jones in private in company of H. R.
Prov. Tex. Cavalry having applied for a
certificate in which he gave an application for
a discharge do certify that I have carefully
examined said man and find he is afflicted with
Gouty Palmaritis and died during last
some time in April last and in consequence
thereof he is in my opinion unable to discharge
the duties of a soldier and justly entitled to a
discharge from the service.
